Hello, CarolAnn and Clinton.

Alice asked that I add you as members of the EtO group.

1. I sent the e-mail below to the group yesterday. For the EO facilities file, please see the ATRA web site, https://usepa.sharepoint.com/sites/airtoxicsgroup/_layouts/15/guestaccess.aspx?guestaccesstoken=V8lFe2sdebrLi%2bpfUtwpP5Qmj0lvkjYt1yRg2e%2btyoU%3d&folderid=2_104a22a306d1b456087fef4c875c05851&rev=1. CarolAnn has access. (The file is problematically-large for transmittal as an attachment. I did that yesterday.)
2. I'll forward another e-mail that I sent this morning.
3. Please add your facilities of concern for EO emissions to the EOfacilities_AddressingEmissions file. If you have work in progress to share, please do that in an e-mail until we have a call.

Thanks.

Carol

Colleagues,

The attached files are the Priority Facility List that Ted Palma provided this afternoon and the table that I started as discussed this morning. Please add columns to the table if needed as you add your facilities. Please include the efforts in progress that will apply beyond the specific facility. Stephanie suggested passing the table around so that there's one table that we work on. I guess that's the point of SharePoint—that and the large files. I'll send the table this way now to get us started.

Thanks.

Carol

Dear Colleagues,

This is follow-up on this morning's call.

Here's Ted Palma's EO file of all EO-emitting facilities in NEI v1 back in February. It's large.

In a separate e-mail I'll send the update file that Ted provided today—I think this was what Fran requested. With that, I'll send the file that I just started for our collaboration.

Thanks.
Carol
